

Visible Solutions™

Purpose

Visible Solutions™ employs a four-step system to provide men and women of all ages with skin that is healthier looking, better moisturized, and more luminous in appearance. The Visible Solutions Skin Care System is designed to help your skin achieve its optimum appearance of health and vitality. This innovative system works to cleanse, smooth, and moisturize your skin with results that you can see.

General Description

Our skin plays a vital role for our bodies. Therefore, we need to play an equally important role in protecting our skin. Max International's Visible Solutions Skin Care system is designed to cleanse, smooth, and moisturize your skin while supporting the local glutathione enzymes. When used as a complete system, Visible Solutions helps keep your skin looking and feeling refreshed and luminous.

Product Benefits

- **System** works in sync to enhance and maintain the benefits of each product.
- **Purifying Cleanser** removes dirt and oil from the skin, leaving the skin feeling refreshed.
- **One Minute Wonder Gentle Exfoliator** removes dead skin cells and trapped dirt without the use of harsh abrasives.
- **Facial Serum** has a patented cooling applicator tip that soothes the skin as it applies the serum, reducing puffiness while the serum helps to improve the appearance of the skin's most delicate areas.
- **Soothing Moisturizer** provides needed moisture to enhance the skin's appearance and prolong the positive effects of the Visible Solutions System.
- **Facial Serum** and **Soothing Moisturizer** contains Brassica and Chlorella extracts that support glutathione enzymes.

Featured Ingredients

Purifying Cleanser:

Disodium Laureth Sulfosuccinate- Gentle cleansing agent that is highly water soluble and free of sulfates.

Betaine- Promotes collagen production, improves skin moisture, relieves skin irritation, and improves tight junction integrity of the epidermis.

Glycerin- A humectant that attracts water from the lower layers of the skin to increase the amount on the surface layer. Helps to prevent dryness and scaling.

One Minute Wonder Gentle Exfoliator:

Aloe Barbadenisis Leaf Juice- Aloe vera helps to smooth skin and acts as an anti-inflammatory. Also provides helpful vitamins and enzymes.

Cyanocobalamin- A water-soluble version of the essential vitamin B12.

Facial Serum:

Chlorella Vulgaris Extract- Activates glutathione enzymes within the skin, promoting glutathione's positive effects.

Ribose- A natural cellular energizer that increases cellular respiration. Helps to reduce fine lines and wrinkles and promotes a more luminous complexion.

Fruit Extracts- Provides immediate and lasting skin hydration to help reduce the appearance of fine lines. Increases cell membrane fluidity to promote a more youthful appearance.

Soothing Moisturizer:

Allantoin- Promotes and accelerates cell proliferation which soothes skin and improves skin moisture.

Sodium Phytate- Helps to deliver greater skin elasticity and decrease the appearance of fine lines and wrinkles.

Brassica Extracts- Works to support glutathione enzymes which helps to protect skin from the effects of oxidation.

Directions for Use

Purifying Cleanser ①○○○○

Use first in the system to clean and prep the skin before the other products. Using fingertips, work cleanser into damp skin on face and neck each morning and night. Rinse and gently pat dry.

One Minute Wonder Gentle Exfoliator ○②○○○

Use after Purifying Cleanser. Apply thin layer to dry skin and allow to sit for 45-60 seconds. Use gentle circular motions to release and remove dead skin cells. Rinse with warm water and pat dry. Do not apply to damp skin or while showering. Use three or more times per week depending on skin type.

Facial Serum ○○③○○

Use morning and night after Purifying Cleanser or Gentle Exfoliator. Apply patented cooling applicator tip to skin in light strokes. Gently stroke serum into skin under eyes and gently stroke onto other targeted problem areas such as laugh lines and crow's feet.

Soothing Moisturizer ○○○④○

Use after Facial Serum. Massage into face and neck in light, upward strokes. Gently pat into skin under eyes.

Store products in a cool, dry place not to exceed 30° C (86° F).

FAQs

What makes the Visible Solutions product line unique?

Visible Solutions is specially formulated to provide support to glutathione enzymes through the Brassica Extracts and Chlorella Vulgaris Extracts that support the benefits of glutathione, making the system a great complement to Max's other products. Visible Solutions is designed as a synergistic four-part system that improves the appearance of the skin while enhancing the benefits of the other products.

How much of the One Minute Wonder do I apply?

Apply a thin layer of One Minute Wonder, enough to cover the surface. Think about frosting a cake—you want to spread the product on lightly without rubbing it in on the skin.

What is actually balling up on my skin?

The One Minute Wonder is an aloe based gel exfoliator. It's effectively exfoliating without being abrasive. What you are seeing on your skin when you gently rub in a circular motion is the product collecting and lifting dead skin cells, dirt, oil and debris that have been sitting on the surface of your skin.

Does the order that you use the products in really matter?

While you can use the individual products on an "as-needed" basis, they are much more effective when used in the prescribed order. The cleanser removes dirt and oil to prepare the skin for the application of the other products. Removing dead skin cells with One Minute Wonder allows for better application of the serum and moisturizer. The moisturizer covers and refreshes the skin, prolonging the effects of the other products.

How exactly do the products support my body's glutathione function?

The Facial Serum and the Soothing Moisturizer contain Brassica Extracts and Chlorella Vulgaris Extract. Both work to support the action of glutathione enzymes that reside in the skin. These enzymes help protect the skin from the effects of oxidation.

Is there any sunscreen in the product line?

The only way to effectively include a sunscreen over 15 SPF (outdoor protection) would be to add zinc to the ingredients. Adding zinc changes the consistency of the product as well as the weight. These changes often cause irritation to sensitive skin types making it difficult to see the desired result. We encourage you to use the sunscreen of your choice for optimal protection from UV rays.

Ingredients:

Purifying Cleanser 1 ○○○○

Water, Sodium Lauroyl Methyl Isethionate, Disodium Laureth Sulfosuccinate, Betaine, Cocamidopropyl Betaine, Sodium Cocoyl Isethionate, Sodium Methyl Oleoyl Taurate, Glycerin, Polyglyceryl-4 Caprate, Propanediol, PEG-150 Pentaerythrityl Tetrastearate, Fragrance, Lauryl Lactyl Lactate, Polyquaternium-7, Caprylyl Glycol, Phenylpropanol,

Hydroxypropyl Guar Hydroxypropyl Trimonium Chloride, PEG-6 Caprylic/Capric Glycerides, Chlorphenesin, Tetrasodium Glutamate Diacetate, Trisodium Ethylenediamine Disuccinate, Aloe Barbadensis Leaf Juice, Tocopherol, Chlorella Vulgaris Extract, Brassica (Juncea/Oleracea Capitata/Oleracea Italica/Oleracea Botrytis/Oleracea Acephala) Sprout Extract, Wasabia Japonica Root Extract

One Minute Wonder Gentle Exfoliator ○●○○○

Water, Butylene Glycol, Carbomer, Mannitol, Phenoxyethanol, Aloe Barbadensis Leaf Juice, Caprylyl Glycol, Ethylhexylglycerin, Hexylene Glycol, Sodium Hyaluronate, Cyanocobalamin, Dimethylmethoxy Chromanol, Glycerin, Pseudoalteromonas Ferment Extract, Arnica Montana Flower Extract, Chamomilla Recutita (Matricaria) Extract, Acetylarginyltryptophyl, Diphenylglycine

Facial Serum ○○○●○

Water, Perfluorodecalin, Glycerin, Acacia Senegal Gum, Betaine, Biosaccharide Gum-1, Sodium Stearoyl Glutamate, Sodium Acrylates Copolymer, Sucrose Palmitate, Hydrolyzed Rhizobian Gum, Fragrance, Caprylyl Glycol, Lysolecithin, Sclerotium Gum, Ribose, Citrullus Vulgaris (Watermelon) Fruit Extract, Ethylhexylglycerin, Chlorphenesin, Lens Esculenta (Lentil) Fruit Extract, Lecithin, Pullulan, Xanthan Gum, Pyrus Malus (Apple) Fruit Extract, Hexylene Glycol, Glyceryl Linoleate, Tocopheryl Acetate, Sodium Phytate, Sodium Lactate, Chlorella Vulgaris Extract, Sodium PCA, Sodium Hyaluronate, Carrageenan, Brassica Juncea Sprout Extract, Brassica Oleracea Acephala Sprout Extract, Brassica Oleracea Botrytis Sprout Extract, Brassica Oleracea Capitata Sprout Extract, Brassica Oleracea Italica Sprout Extract, Wasabia Japonica Root Extract, Sea Salt

Soothing Moisturizer ○○○●○

Water, Dimethicone, Glyceryl Stearate, Butylene Glycol, Propanediol, Bellis Perennis (Daisy) Flower Extract, Betaine, Cetearyl Alcohol, Glycerin, Behenyl Alcohol, Olea Europaea (Olive) Fruit Unsaponifiables, Sodium Stearoyl Lactylate, Hordeum Distichon (Barley) Extract, Fragrance, Hydrolyzed Corn Starch, Caprylyl Glycol, Phenylpropanol, Beta Vulgaris (Beet) Root Extract, C10-30 Alkyl Acrylate Crosspolymer, Chlorphenesin, Phellodendron Amurense Bark Extract, Santalum Album (Sandalwood) Extract, Sorbitan Laurate, Allantoin, Cyamopsis Tetragonoloba (Guar) Gum, Dipotassium Glycyrrhizinate, Ergothioneine, Retinyl Palmitate, Sodium Phytate, Tetrahexyldecyl Ascorbate, Tocopheryl Acetate, Xanthan Gum, Chlorella Vulgaris Extract, Hydroxyethylcellulose, Brassica (Juncea/Oleracea Capitata/Oleracea Italica/Oleracea Botrytis/Oleracea Acephala) Sprout Extract, Acetyl Dipeptide-1 Cetyl Ester, Hydroxypropyl Cyclodextrin, Carrageenan, Wasabia Japonica Root Extract, Palmitoyl Tripeptide-38, Aloe Barbadensis Leaf Extract, Tocopherol, Sea Salt
